RESULT OF OPERATIONS—Continued

In arriving at the operating results of the General Revenue Fund, revenues are reported on a cash basis, being the actual receipts in cash within the fiscal period whereas expenditures include liabilities incurred but not paid at the end of the fiscal year. In other words, revenues exclude accounts receivable but expenditures include accounts payable.

The operating results shown above are subject to the undernoted qualifications:

- (a) As at March 31, 1951, unmatured debentures aggregating \$143,605.56 had not been surrendered for exchange under provisions of the 1945 Debt Reorganization Programme. Interest thereon has been charged to expenditure at the rates provided by the Programme. No interest has been provided subsequent to June 1, 1945, in respect of matured debentures. As at March 31, 1951, matured debentures aggregating \$45,008.80 had not been surrendered for redemption under the 1945 Debt Reorganization Programme.
- (b) Contributions to the Pension Fund have been made by employees at the rate of 5% of gross salaries with a like contribution from the employers. The actuarial report as at April 1, 1947, on the Public Service Pension Act indicates that to provide the benefits under the Act a contribution of 7.9% of gross salaries should be made by the Government. The report points out that under Section 5(7) of the Act the Government has a general obligation to pay into the fund amounts sufficient to enable all benefits to be paid, therefore, while such refunding is of an indefinite nature this general guarantee establishes the technical solvency of the fund.

Subsidies:

Under the terms of the Alberta Act, the Province receives certain annual subsidies from the Government of Canada. The capital value of these subsidies is not shown as a liability on the balance sheet of the Government of Canada, and has therefore been excluded as an asset from the accounts of the Province, although there is a definite annual obligation on the part of the Government of Canada to pay certain fixed amounts. For the purpose of information only, the capital sums which at 5% would yield the revenue accrued in 1950-51 are shown hereunder:

Government and legislation	\$ 4,400,000.00
Per capita grants	13,760,000.00
Allowance in lieu of debt	8,107,500.00

Principal receivable from the sale of provincial lands, \$579,002.79, the value of unsold school lands and the value or benefit arising from the natural resources of the Province are not reflected on the balance sheet.

The Tax Collection Suspension Act, 1947:

Under the terms of Chapter 2, Statutes of Alberta, 1947, the Provincial Treasurer was authorized and empowered to execute on behalf of the Province an agreement with the Government of Canada providing for the suspension by the Province of the levying and collection of income tax on individuals, succession duties and certain corporation taxes. Under the terms of the agreement the Province will receive:

- (a) A guaranteed minimum annual amount of \$14,227,882.00, or
- (b) The amount that is the product of \$14,227,882.00 multiplied by the product obtained by multiplying
 - (i) the ratio that the value of the gross national product per capita in that calendar year bears to the said value in the calendar year 1942 by
 - (ii) the ratio that the population of the Province for that calendar year bears to the said population for the calendar year 1942.

The Province received during the period under review \$17,342,934.26 of which \$13,849,672.82 was applicable to the current year and \$3,493,261.44 was in respect of the previous year. Subsequent to March 31, 1951, the Province received \$4,406,860.79 and is entitled to a further sum upon final determination of the population and gross national product for the year.

GENERAL

During the year a continuous pre-audit was maintained of all expenditures from the General Revenue Fund. In addition, revenue of all departments and books and accounts of all boards and commissions are subjected to post-audits by my representatives. Bank balances were verified against bank certificates. Securities aggregating \$138,647,327.54 were examined and found in order. Every assistance was extended by officials of the several departments, boards and commissions to facilitate the work of my representatives, and all information requested was promptly given.

I have the honour to be, Sir,

Your obedient servant,

Edmonton, Alberta, May 1, 1951.

I have audited the books and records relating to the Special Investment Fund established under provisions of Section 30 of Chapter 18, R.S.A. 1942, The Treasury Department Act, for the year ended March 31, 1951.

Result of operations of the fund for the period is as follows:

Net revenue from interest received, less amortization of premium and discount	\$1,122,357.96
Add: Interest accrued March 31, 1951, less accrued amortization	251,519.34
Deduct: Interest accrued March 31, 1950, less accrued amortization	\$1,373,877.30
Deduct: Net loss on redemption and sales of securities:	
Loss on redemption of securities in sterling funds	\$12,293.00
Less: Profit on sales of securities	4,677.26
	<u>7,615.74</u>
	<u>\$1,201,666.94</u>

Following the practice with respect to Provincial revenue, only earnings and profits actually received have been taken into general revenue account, but in order to show the earnings of the fund on an accrual basis the above summary has been prepared.

I certify that, in my opinion, the above statement correctly summarizes all transactions relating to the Special Investment Fund for the year ended March 31, 1951, and states the securities on hand at that date.

C. K. HUCKVALE, C.A., Provincial Auditor.

STATEMENT No. 41—Continued

Reserve for loss as at December 31, 1950, amounts to \$621,223.13 and was provided for possible future losses on realization of investments. Provision during the year under review amounted to \$70,500.00 as shown on Statement No. 42.

LIABILITIES AND RESERVES

Deferred income, net

Assessments levied in respect of Class 13-2, being for the twelve month period ending October 31, 1951, have been deferred in full until the next fiscal year. Likewise, all expenditure during November and December, 1950, regardless of year of occurrence of accident, has been deferred. The net revenue, \$357,725.90, is shown on the attached balance sheet under the above caption.

Estimated merit rebates

Merit credits to be allowed in respect of the year 1950 could not be determined prior to the closing of the Board's accounts, but provision, in the amount of \$378,080.00, has been made as an estimate of requirements.

Claims pending and unfinalled claims

The liability in respect of the above is an estimate, based on opinions of medical and administrative officials of the Board and the experience of certain previous years, of the amount required to meet all costs in respect of claims pending and unfinalled claims with the exception of claims arising from silicosis and those in respect of self-insurers' employees.

Silicosis

The liability in respect of the above is an estimate by officials of the Board of the amount required to meet all costs in respect of claims pending and unfinalled claims arising from silicosis.

Pensions

An evaluation of the Board's liability with respect to pensions was made as at December 31, 1948, by officials of the Board. Based on the assumption that interest earnings would be maintained at the required capitalization rate of 3%, the amount provided by the Board in respect of the pension liability as at that date was sufficient to meet requirements.

Interest earnings for the year were sufficient to meet actuarial requirements.

Reserve for rehabilitation

Under authority of the 1948 Act the reserve was increased by a transfer from reserve—Section 33-(1), (n) of \$454,423.61 being the balance of that reserve in excess of \$100,000.00 as at December 31, 1950.

As stated elsewhere in this report payments for medical services in respect of accidents of 1943 and prior years have been charged to the reserve following the transfer, as at December 31, 1948, of the amount standing to the credit of the reserve for medical aid to the reserve for rehabilitation.

Preliminary expenditures with respect to a rehabilitation centre, in the amount of \$37,325.00, were charged to the reserve during the period under review.

Reserve for disasters

There is no basis upon which an opinion could be formed as to the adequacy of the reserve.

Reserve—Section 33-(1), (n)

Under Section 33-(1), (n) of the Act, the reserve is provided to cover such portion of the cost of claims of workmen suffering enhanced disabilities as is, in the opinion of the Board, due to similar or other disabilities previously suffered. The balance of the reserve in excess of \$100,000.00 as at December 31, 1950, \$454,423.61, has been transferred to the reserve for rehabilitation as stated elsewhere in this report.

Reserve—Section 33-(1), (k), (1943 Act)

The reserve, which under Section 44-(8) of the 1948 Act is to be transferred to the Accident Fund, is presently being held to provide for adjustments required with respect to pensions suspended during the war years and paid into the reserve under Section 33-(1), (1) of the 1943 Act.

Operating reserve

The reserve represents the balance at credit of classes after provision for reserves as shown on Statement No. 42.

Subject to the foregoing report, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of The Workmen's Compensation Board as at December 31, 1950, according to information and explanations given to me and as shown by the books of the Board, and the accompanying statements of revenue and expenditure correctly set forth the result of operations for the year ended at that date.

Edmonton, Alberta, March 12, 1951.

I have audited the books and records of the Lethbridge Northern Colonization Manager for the year ended December 31, 1950.

Loan funds show a surplus of \$2,083.34 for the year ended December 31, 1950, as detailed in Statement No. 73. Lease revenue of \$1,275.57 has been included as revenue of the Colonization Manager although irrigation rates on the leased lands have been advanced by the Provincial Treasurer.

The amount of \$2,924.40 shown on the Balance Sheet as suspense represents receipts which may be applied on land contracts or refunded.

The amount due to the Provincial Treasurer, \$20,181.76, represents the loan funds surplus as at December 31, 1950, and the amount under-remitted on land sale agreements.

Unsold lands valued by the Colonization Manager at approximately \$4,300.00 are not included on the Balance Sheet.

Undelivered crop shares, estimated by the Colonization Manager at \$9,600.00, are not included in the attached statements. Proceeds when received will constitute lease revenue or be applied on land sale contracts.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Lethbridge Northern Colonization Manager as at December 31, 1950, according to information and explanations given to me and as shown by the books of the Manager, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of transactions for the year ended at that date.

STATEMENT No. 98—Continued

Edmonton, Alberta, July 31, 1951.

I have audited the books and records of the University of Alberta for the year ended March 31, 1951.

OPERATING RESULTS

Operations for the year under review resulted in a deficit of \$36,174.73 after providing \$2,855.71 from current revenue for expenditure on new buildings and equipment. Details of operations are shown on Statement No. 99.

The deficit for the year was transferred to operating reserve. Transactions within that reserve are set forth in Statement No. 100.

Maintenance and upkeep of buildings used by the Faculty of Education in Edmonton and Calgary has been provided by the Province direct.

FINANCIAL POSITION

Buildings, plant, furnishings and equipment are stated on the Balance Sheet at original cost. No provision has been made for depreciation, but an independent appraisal completed during the year ended March 31, 1950 indicates that values have been maintained through repairs and renewals, which have been financed from revenue and reserve accounts.

Inventories of merchandise for resale and supplies on hand are certified as to quantities and prices by officials of the University.

Edmonton, Alberta, May 29, 1951.

I have audited the books and records of the Special Areas Board for the year ended December 31, 1950.

Grazing and cultivation rental revenues have been reported on a cash basis. There is an undetermined amount of lease revenue receivable by the Board which is not reflected on the Balance Sheet.

Advances to hospital districts are secured by debentures of the respective districts which were examined during the year and found in order. As at December 31, 1950, Consort Hospital District No. 22 was in default with respect to debenture coupons aggregating \$11,493.83.

The value shown for Pleasantview Home represents the cost of repairs and remodelling only, title to the property is vested in the Province.

The Board is indebted to the Province with respect to revenue derived from school lands within the Special Areas for the period April 1, 1939, to March 31, 1949, and with respect to a portion of Canadian Wheat Board settlements for the period April 1, 1949, to December 31, 1950. The amount has not been determined and is not reflected on the Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the special Areas Board as at December 31, 1950, according to the information and explanations given to me and as shown by the books of the Board, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

STATEMENT No. 135—Continued

Edmonton, Alberta, July 23, 1951.

I have audited the books and records of the Alberta Government Telephones for the year ended March 31, 1951.

Operations for the year resulted in a net income of \$2,758,806.86 after providing \$1,023,827.21 for debt charges, \$960,000.00 for depreciation and renewal reserve and \$58,198.97 being the net operating costs in respect of radio station C.K.U.A. The net income was carried to surplus account from which was appropriated \$3,757,882.39 for acquirement of capital assets leaving a net balance in surplus account of \$1,254,617.60 as at March 31, 1951.

Pension and death benefit fund assets are subject to the comments contained in the certificate attached to the Pension and Death Benefit Fund Balance Sheet.

The Alberta Government Telephones have the following estimated contingent liabilities which were not reflected in the Balance Sheet as at March 31, 1951:

In respect of uncompleted building contracts	\$ 497,000.00
In respect of commitments for purchase of equipment for future delivery	2,950,000.00

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Government Telephones as at March 31, 1951, according to information and explanations given to me and as shown by the books of the Alberta Government Telephones, and the accompanying Condensed Statement of Income correctly sets forth the results of operations for the year ended at that date.

Edmonton, Alberta, July 23, 1951.

I have audited the books and records of the Alberta Government Telephones Pension and Death Benefit Fund for the year ended March 31, 1951.

Investments as at March 31, 1951, are summarized hereunder:

<i>Bonds and debentures</i>	Par Value
Government of Canada	\$ 960,000.00
Provincial direct and guaranteed	1,391,000.00

The approximate market value of the above securities amounted to \$3,183,000.00 at July 20, 1951.

Pension benefits payable by the Fund were increased during the year retroactive to April 1, 1947, and the basis of valuation reduced to a 3% capitalization rate. Contingent liability:

The Board has a contingent liability with respect to non-contributory pensions which may be awarded upon employees reaching retirement age.

Edmonton, Alberta, July 16, 1951.

I have audited the books and records of the Alberta Liquor Control Board for the year ended March 31, 1951.

Physical inventories of liquors and containers were taken at March 31, 1951, by officials of the Board. Quantities were certified by respective warehouse and store managers. Cost of transferring stocks from warehouses to stores was not included in the inventory valuation. Inventories included goods on consignment amounting to \$288,327.27, the corresponding liability being included with accounts payable on the Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Alberta Liquor Control Board as at March 31, 1951, according to information and explanations given to me and as shown by the books of the Board, and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.

STATEMENT No. 150—*Continued*

Edmonton, Alberta, August 2, 1951.

I have audited the books and records of the Treasury Branches for the year ended March 31, 1951. In connection therewith branch balance sheets as at that date, certified to by branch managers, have been examined and consolidated with Head Office records. Transactions applicable to the year reported after preparation of branch statements are not reflected in the accounts.

Currency on hand and items in transit were certified by branch managers. Balances on deposit with chartered banks were verified by certificates from banks. Securities were examined and found in order.

Loans and advances include loans outstanding as at March 31, 1951, overdrafts in depositors' accounts, bills discounted and items in overdue bills.

Advances considered uncollectible amounting to \$65,820.22 were written off against the reserve during the year. Provision for the current period amounted to \$71,612.00, leaving the reserve for bad and doubtful debts at \$115,728.71 at at March 31, 1951. The reserve is not considered adequate for its purpose.

Expenditures of the Treasury Branches for maintenance and operations have been charged to the general revenue fund of the Province, with the exception of an amount of \$480,738.68, representing consumers' bonus for the months February, 1941 to April, 1945, inclusive. This amount may be financed from the fund provided for contingent liabilities.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Treasury Branches as at March 31, 1951, according to information and explanations given to me and as shown by the books of the Treasury Branches, and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the year ended at that date.

PROVINCIAL MARKETING BOARD
REPORT OF THE PROVINCIAL AUDITOR

Edmonton, Alberta, February 26, 1951.

Under the provisions of Section 14, Chapter 253, R.S.A. 1942, I have to report that I have audited the books and records of the Provincial Marketing Board for the year ended December 31, 1950.

The Board acted as agent of the Government of the Province of Alberta in connection with the construction and operation of an oil separation and refining plant at Bitumount, Alberta. Funds for the construction were provided from the Post-War Reconstruction Fund under authority of Order-in-Council 884/47 and the funds for operation were provided through Appropriation 729. Statements No. 169 and No. 168 set forth the receipts and payments for operation and construction respectively during the year ended December 31, 1950.

Under authority of Order-in-Council 369/47 the Board acted as agent of the Minister of Public Works in selling buildings and materials derived from certain properties acquired from the Government of Canada and consisting principally of airports and army camps. Proceeds of sales for the year ended December 31, 1950, \$104,392.65, have been deposited to the General Revenue Fund of the Province.

Trading activities of the Board and operation of the woollen mill at Magrath, Alberta, were conducted during the year by the Board's two wholly-owned subsidiaries, Marketing Service Limited and Prairie Woollen Mills Limited, respectively. Operations of these corporations are the subject of separate reports addressed to the Boards of Directors of these Corporations.

Edmonton, Alberta, February 23, 1951.

I have audited the books and records of Marketing Services Limited for the year ended December 31, 1950.

OPERATIONS

Marketing Services Limited, incorporated under Part III of the Alberta Marketing Act, Chapter 253, R.S.A. 1942, conducted the trading activities of the Provincial Marketing Board for the year ended December 31, 1950.

Activities during the year consisted of merchandising of implement parts, plumbing fixtures and other commodities, and financial assistance under agreements to certain industries within the Province.

STATEMENT No. 170—*Continued*

BALANCE SHEET

Accounts receivable aggregating \$157,861.13 consist mainly of advances, under agreements, to certain industries within the Province. These advances result from the purchase and resale of the commodities necessary for the particular activities of the industries, from expenditures for equipment and plant construction and advances for operating expenses. A general assignment of accounts receivable has been made to the Treasury Branch as security for loans. The reserve for doubtful accounts would not appear to be adequate for its purpose.

Notes receivable shown on the Balance Sheet at \$75,000.00 arise from advances to Prairie Woollen Mills Limited, a company incorporated under Part III of the Alberta Marketing Act, Chapter 253, R.S.A. 1942, for the purchase of raw materials and operating expenses.

Inventories of commodities on hand at December 31, 1950, are certified as to prices and quantities by officials of the Corporation. The reserve for inventory valuation is based on an estimate made by officials of the Corporation.

The Corporation issued to the Provincial Marketing Board one hundred shares of the capital stock for which no value was received. This transaction is not recorded and is not reflected on the attached Balance Sheet.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of Marketing Services Limited as at December 31, 1950, according to information and explanations given to me and as shown by the books of the Corporation, and the accompanying Statement of Profit and Loss correctly sets forth the result of operations for the year ended at that date.

STATEMENT No. 172—*Continued*

BALANCE SHEET

Accounts receivable from the Provincial Treasurer consist mainly of the expenditures to December 31, 1950, necessary to liquidate the accounts of certain creditors of the Golden Fleece Woollen Mills Limited, a corporation declared bankrupt. The Government of the Province of Alberta has undertaken to fulfil the agreements entered into by Golden Fleece Woollen Mills Limited with customers who had supplied materials for manufacture into blankets.

Inventories of commodities on hand at December 31, 1950, are shown on the Balance Sheet at cost, being lower than market value, and are certified as to prices and quantities by officials of the Corporation.

Plant and equipment shown on the Balance Sheet consists of additions and improvements since August 1, 1949, to the plant and equipment under lease.

Accounts payable to the Treasury Branches represent the value of inventories purchased at the commencement of the lease and the rental charge for the real and personal property as provided in the lease agreement.

Subject to the foregoing, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of Prairie Woollen Mills Limited as at December 31, 1950, according to the best of my information and the explanations given to me and as shown by the books of the Corporation, and the accompanying statements correctly set forth the results of operations for the year ended at that date.

STATEMENT No. 191—Continued

Edmonton, Alberta, June 1, 1951.

I have audited the books and records of the Petroleum and Natural Gas Conservation Board for the nine months ended March 31, 1951.

The accumulated surplus as at March 31, 1951, which must be taken into consideration in setting the 1951 levy is made up as follows:

Surplus as at July 1, 1950	\$ 28,997.70
Add: Sales of automobile	1,080.00
	<u>\$ 30,077.70</u>
Add: Surplus for the nine months ended March 31, 1951	525.22
	<u>\$ 30,602.92</u>

The accounts receivable from the Province of Alberta is the balance of the Province's portion of the net expenditures incurred by the Board in the administration of the Oil and Gas Resources Conservation Act, Chap. 46, 1950, as follows:

Balance due to Province, July 1, 1950	\$ 8,694.76
Add: Advances by Province	59,297.53
	<u>\$ 67,992.29</u>
Add: Sale of automobile	120.00
	<u>\$ 68,112.29</u>
Deduct: Portion of net expenditures for the nine months ended March 31, 1951, to be charged to the Province	70,329.43
	<u>\$ 2,217.14</u>

The Board under authority of the Oil and Gas Resources Conservation Act took possession of Atlantic No. 3 well. Trust funds held as at March 31, 1951, represent total crude oil sales of \$2,818,584.01 plus interest earnings of \$12,885.58 out of which payments for the control of the well, amounting to \$946,415.48, claim settlements including royalties, amounting to \$834,121.86, and advances to Atlantic Oil Company Limited, amounting to \$999,600.00, have been made leaving a net balance of \$51,332.25. The Board is obligated to account for the net proceeds thereof to persons entitled thereto.

Subject to the foregoing remarks, I certify that, in my opinion, the above Balance Sheet is properly drawn up so as to show the true financial position of the Petroleum and Natural Gas Conservation Board as at March 31, 1951, according to information and explanations given to me and as shown by the books of the Board and the accompanying Statement of Revenue and Expenditure correctly sets forth the result of operations for the nine months ended at that date.
